1. **Summer Work 1-2**
   - Print out and hand in each exercise **separately**
   - Answer in the spaces provided
   - due date: **28/8/13** (Blk 1) or **29/8/13** (Blk 2) or **30/8/13** (Blk 3)

2. **News cutting**
   - Finish your work on a **text pad**
   - The article should be related to any topic covered in our syllabus
   - The article can be in English or in Chinese, but your work must be written in English
   - Include the following in your work:
     I: Original newspaper (Don’t forget to write the name of the newspaper, date of news, etc.)
     II: Highlight main points in the article
     III: Comments (e.g. how the biological knowledge is related to daily life, personal feelings, etc.)
     IV: At least two biological concepts involved in the article using the following list:
     
     | Biological concepts (with short description) |
     |---------------------------------------------|
     | 1   | e.g. Photosynthesis [no mark]               |
     | 2   | Water is split into hydrogen and oxygen in light reaction of photosynthesis [✓] |
     | 3   |                                            |
     | 4   |                                            |
     | 5   |                                            |
   - due date: **28/8/13** (Blk 1) or **29/8/13** (Blk 2) or **30/8/13** (Blk 3)

3. **Supplementary Work**
   - **compulsory** for students who receive < 50 marks in report card
   - **optional** for the rest
   - due date: **2/9/13** (please put your work in the **tray** of your Biology teacher before the end of school)
